The Stanford Boys.

The Tacoma Daily Leader in speaking of the concert given at Tacoma by the Stanford Glee and Mandolin Clubs, has the following:

"Everyone in the brilliant audience that greeted the Stanford boys last night at the Tacoma theater was apparently in the heartiest sympathy with the spirit that gives to the music of college glee clubs its irresistible charm. College men of all ages sat convulsed with mirth filled with memories, and proudly recalled the days when they joined in similar endeavors, and the boys and girls gave way to the hilarity of the occasion and vociferously applauded the clever work of their contemporaries.

There has not been a more enjoyable concert presented by the young men of Stanford on any of their tours, and it is a pleasure to note that they were given a reception both cordial and substantial.

The honors as between the two clubs, belongs to the Mandolin club, which did the finest work of the kind ever heard in Tacoma. In the splendid volume of tone, the absolute unity of action, the superb crescendos, general style and finish the numbers played by the captivating strings were notable.

The Glee club is in good form, especially in the bass, and sang with plenty of spirit and excellent attention to shading and expression.

Mr. Byrne, the raconteur, with his smile that defies description, his clever mimicry and dramatic power, won the instant friendship of the house, and performed a long list of speculations inimitably. Everybody went down before Bush and Baker, the two funny men, who have an infinite variety of stunts" at their command.

They will appear at the Grand opera house on next Friday (Christmas) night. Seats can be procured at the box office after 9 o'clock Friday morning.

We Have Secured Control for This City of the Fulton Compounds, the Only Things Known to Medicine That Cure Kidney Diseases in Both the Primary and Secondary Stages.

The kidneys are not sensitive and the disease is sometimes fastened and already chronic on eight to ten months. It is surely chronic, is either case why take chances? Why not take at first the only thing known that cures kidney diseases in the chronic as well as the primary stages. The Fulton case cited below, by permission, is especially valuable for its indisputability was amply confirmed by consulting physicians, and after recovery under the Fulton Compounds the recovery was also doubly attested.

On May 1st, 1922, the son of Dr. H. S. Peil, the manager of the Pacific Coast Biscuit Company of Second and Folsom streets, San Francisco, was declared by the family physician to have chronic kidney disease and incurable. Another physician was called in and confirmed the diagnosis. The whole body was swollen with dropsy, and a fatal termination looked for. The Fulton Compounds were then turned to as the only hope. On September 15 the dropsy had disappeared and the boy was well, and after double examinations the physician declared the recovery complete and gave Mr. Peil a written report which is now here.

Judge J. A. Cabanis, the Police Judge of San Francisco, also attests the recovery under his own observation of a friend of his who since that time when the case (chronic Bright's Disease of the kidneys) was well known to be incurable according to all medical authorities.

Up to the advent of the Fulton Compounds medicine knew nothing that would cure kidney troubles after they became chronic. About nine-tenths of all cases are now curable, even after they have developed into the dreaded chronic forms of Bright's Disease and diabetes. No statements are published or invited except from chronic cases that, like the above, are curable by all other known medicines. If your kidney trouble is recent Fulton's Renal Compound will cure it quickly. If it is of over eight to ten months standing it is the only thing known that will save your life. John J. Fulton Co., 439 Washington Street, San Francisco, sole compounders, Fulton's Renal Compound, the Bright's and Kidney Diseases. \$1 for Diabetes, \$1.50. Free analyses made for patients.
